WHO AM I?

Recently I graduated with a first class degree in Graphic Design, and I am searching for a job where I can utilise the skills I have gained at university. With a passion for design and all things creative; I am looking to join a team where I can develop and grow as a designer.

Currently I have 15 months experience working in both freelance and in-house graphic design roles. This provided me with the opportunity to practice skills learned at university and gain some new skills, including photography and image editing. I am hopeful my hardworking attitude and eagerness to learn will help open doors to develop my knowledge and experience, resulting in a prosperous career in graphic design.

WHAT I'VE DONE

Freelance Graphic Designer [June 2020 - present] Fired Up Corporation

- Editing product and lifestyle photography.
- Creating banners and product boards, (while working remotely).

Volunteer Graphic Designer [June 2020 - July 2020] Time Out Group

- Created illustrations and easy read posters ready for print, targeted at adults with learning disabilities.
- Completed the designs remotely while maintaining an excellent client correspondence.

Graphic Design Assistant [October 2019 - May 2020]

Graphic Design Intern [June 2019 - September 2019] Fired Up Corporation

- Designed interior room sets and assisted with product photography; then edited the images for use online and in brochures.
- Assisted with brochure designs.
- Created digital assets for their website and social media posts.
- Designed product boards, displaying product imagery and specifications.
- Worked effectively as a member of a design team.
- Used the Adobe CC Suite, including Photoshop, Illustrator, InDesign, Lightroom and XD.
- Adhered to deadlines and efficiently managed the workload.

Customer Service Officer [September 2017 - August 2019] NatWest Bank

Freelance Graphic Designer [February 2017] Reel It In

- Created a logo and flyer for a local project holding a fishing event.
